

Board Recruitment Announcement

Are you, or talented folks in your network, looking for opportunities to make an impact on your community? Source One Serenity is a grassroots organization that serves veterans around outdoor recreation and land stewardship to improve their mental health and it also operates the first organics collection and processing program of its kind in Douglas County, OR (DBA HealTerra) to divert food waste from landfill and manufacture a natural fertilizer. It is seeking volunteer leaders to join its dynamic board of directors. More information on Source One Serenity is available at www.sourceoneserenity.org

Board members are actively involved in organizational governance, are expected to attend board meetings, be actively engaged in providing their expertise, advocate for its mission, and assist in building strong community partner relationships.

The board needs a variety of skills, with a strong emphasis on board candidates with skills in accounting, fundraising, media and sales expertise, and community connections. Although we serve veterans and appreciate having board members with military affinity, it is not a requirement because we serve the community on several levels, and it is our goal to connect veterans with the community.

If you are interested, please call us at 541-580-5655 or email us at elena@sourceoneserenity.org.

We look forward to connecting with you!

In gratitude and appreciation,

Source One Serenity's Board of Directors and Founders
